

IMPORTANT CONSTRUCTION NOTICE

Construction on the renovations for Guggenheim Park will begin August 1, 2018.

Silt fencing and tree protection is already in place. This renovation project will be focused on the Island Park Drive end of Guggenheim Park. Part of the one-way street on the north side of Guggenheim Park (see below graphic with **red** line) will be closed to traffic during the course of the construction project. Cars will be able to turn onto the street from Seven Farms (adjacent to Wasabi) to access some of the angled parking and the parking behind the businesses on Seven Farms.

One lane of Island Park Drive will be closed toward the end of the project to accommodate crosswalk striping. Sidewalks will be closed on Island Park Drive in front of the park during the course of construction. There will be pile driving taking place during the month of August from approximately 7AM-5PM weekdays. The construction project is anticipated to last until the end of February, 2019.

If you have any questions during the course of the project please contact Jane Baker at jane.baker@dcommunity.org or go to our website to see a rendering of the project <http://danielisland.com/community/>.

Thank you for your patience and we hope that you and your customers/clients will enjoy Daniel Island's central park that is being significantly upgraded.
