

2022 DICA Board Candidates

Dave Campopiano
Settlers Street

I am pleased to submit my name for re-election to the Daniel Island Community Association (DICA) board for a new two-year term. For the past year I have served as Board Member and Treasure of DICA following the transfer from Developer control to Resident control. I also have served as DICA'S representative to the Daniel Island Investment Committee which oversees our financial advisor for our Investment portfolio. As a Board member of DICA, I have work closely with the other board members and the POA to deliver an orderly transition of DICA to resident control.

While DICA is approaching full build out over the next several years, there is still much to do to maintain the high quality of life the residents of Daniel Island enjoy. We have several new and exciting capital amenities we will be adding to DICA controlled common areas for residents to enjoy and will continue to maintain and enhance the properties presently under our control. As a longtime resident of Daniel Island, I have demonstrated my commitment to working for the residents. I would be grateful for your continued support as your representative and am asking for your vote for my candidacy for re-election to the DICA Board on November 7. Your support is appreciated.

2022 DICA Board Candidates

William R. Goff
Wando Landing

Bill and his wife Carolyn grew up in Charleston, WV and were transferred to the Houston area by Union Carbide (UCC) in 1992. They spent the next 20 years in Houston before building and moving to Daniel Island in 2012. They have two adult children and four grandchildren.

Bill received bachelors and master's degrees in electrical engineering and a master's degree in Project Management from WVU. During his 35 years at UCC, he designed advanced process control computer systems. After retiring from UCC, he worked seven years as the Gulf Coast Regional Manager for GE and another seven years as a Major Capital Project Manager for the State of Texas. He taught Electrical Engineering for 22 years as an adjunct professor at WVU and has two PEs in Control Systems.

Bill was president of his homeowner's association in Charleston, WV and was a member of the Daniel Island Transition Team that was managing the transition control from the developer to the residential community. He is currently on the DICA Board serving a one-year term as the Secretary. In his spare time, Bill is a Professional Photographer and a member of the both the Daniel Island Art Guild and the Daniel Island Inshore Fishing Club.

2022 DICA Board Candidates

Sarah MacCormack
Josiah Street

I am a wife and a faithful mother of two, Emmeline 3 and Sullivan 22 months, and have enjoyed a career focused around public health. My experience as a Research Microbiologist with the Center for Disease Control (CDC) taught me a great deal about working with the public and readied me for a role representing the best interest of Daniel Island residents. I currently work for Glaxo Smith Kline (GSK) with a concentration on both private and public health as an Immunization Specialist where I work to educate and protect public health both locally in Charleston and throughout the state.

My family moved to Daniel Island 5 years ago with the dream of raising our kids and future generations of our family on Daniel Island. In our short tenure, we have only grown to love our community more, and the desire to serve has increased overtime. I've done this previously in smaller contributions as both Room Mom and as a member of the Parent Association at Daniel Island Academy. The opportunity to represent DI as a member of DICA is a pivotal stepping stone to positively influence Daniel Island with a fresh perspective. I will bring my unique background to the board of DICA and vow to best represent all voices today and future interests tomorrow.

2022 DICA Board Candidates

Tricia Peterson
Gibbon Street

Tricia Peterson is the owner and Broker in Charge of Island House Real Estate on Daniel Island and holds several certifications including Certified Luxury Home Marketing Specialist and Million Dollar Guild, Resort and Second Home Specialist, Pricing Strategy Advisor and Seller Representative Specialist. She is recognized in the top 2% of Charleston Realtors by the Charleston Association of Realtors and is the managing broker to five Realtors.

Tricia received her Bachelor of Science in Biology and Doctorate in Physical Therapy. She served in the medical field as a Physical Therapist for more than 15 years before moving to Daniel Island in 2008 and transitioning to Real Estate. Tricia founded Island House Real Estate in 2018 with the simple mission to continue helping others and contribute to her clients and community in a meaningful way.

2022 DICA Board Candidates

Andrea Sullivan
South Leavitt Court

I take great pleasure being involved in my community and have done so through both leadership and volunteer roles with the Junior League, various boards for my university and sorority Alumni groups, as well as fundraising for non-profit groups like the UDT-SEAL Association, The Sanctuary Project Animal Rescue to name a few. I am currently the President of the Daniel Island Neighborhood Association (DINA), which represents all Daniel Island residents, by advocating for and resolving issues needing the attention of the City of Charleston, Berkeley County, and the State of South Carolina. As the DINA President, I meet regularly with DI residents, elected officials at the local and state level as well as the DIPOA staff. Since elected in January, from the ground up, I have built the Leadership Team, reestablished committees, built the DINA website, resurrected DINA email, and social media communication, delivered a resident survey, and advocated for safety and infrastructure improvements for DI, transparency, and accountability. Being on both the DINA and DICA Board will provide the opportunity to better align and represent resident interest within DICA's purview.

I have been appointed by our City Councilman, Boyd Gregg, to serve on the 2023 Neighborhood Commission, which helps encourage civic participation and volunteerism.

Having worked as an educational facilities planner in the K-12 public school arena for over 20 years, I have an extensive background in intergovernmental relations at the local & state level, design & development, as well as experience working with the community, parents, teachers, and students, to maintain, modernize and construct new schools. In this role, I developed district-wide master plans, deferred maintenance plans and budgets, sought out sites for development, negotiated land purchases, and went on to select and hire architects, engineers, and contractors to design, construct and maintain new public schools as well as administrative and other real estate assets. My skills in negotiations and working within a team to create and maintain world-class schools including K-12, Special Education and Alternative Education programs, brought me to realize my passion for helping others, and led me into residential real estate in 2016. I am currently a licensed residential Realtor in both Arizona and South Carolina.

Thank you for your consideration and support.
