

2023 DICA Board Candidates

Colby Hollifield
Juliana Street

Colby Hollifield, current Vice President of the DICA board, grew up in Summerville, SC and graduated from the College of Charleston with a degree in Business Administration in 1988. After meeting his wife, Heather, in California, the couple moved their family back to Daniel Island in 2006. Colby is a partner in the Daniel Island Ferry and has been actively involved in Daniel Island life for the past 17 years, coaching youth sports and serving in multiple volunteer positions including the Exchange Club of Charleston and The Middleton Place Foundation board. In addition to his entrepreneurial pursuits with the Daniel Island Ferry, Colby has extensive experience in real estate finance and development with an emphasis on conservation development strategies.

In his first two-year term on the DICA board, Colby championed the expansion of DICA amenities to include a snack bar at Pierce Park Pool, bocce ball courts at Pierce Park Pool and soon-to-be constructed pickle ball courts at Edgefield Park Pool. Colby is committed to keeping expenses under control while not sacrificing the quality of the amenities or the maintenance and upkeep of the DICA assets. He appreciates your continued support and would like to thank you in advance for your vote.

2023 DICA Board Candidates

Sarah MacCormack
Josiah Street

I am a wife and mother of two, Emmeline (four years old) and Sullivan (almost three), and have enjoyed a career focused around both public health and healthcare. My experience as a Research Microbiologist with the Center for Disease Control (CDC) taught me a great deal about working with the public and readied me for a role representing the best interest of South Carolina residents. I currently work for Stryker Medical with a concentration on emergency care for patient resuscitation and treatment capabilities and devices. In this role, I manage hospitals and public access accounts all throughout the state on their emergency cardiac needs.

My family moved to Daniel Island 6 years ago with the dream of raising our kids and future generations on Daniel Island. In our short tenure, we have only grown to love our community more, and the desire to serve has increased overtime. I've done this previously in smaller contributions as a Room Mom and member of the Parent Association at Daniel Island Academy, as well as volunteering for community events and fundraisers on DI. The opportunity to represent DI as a member of DICA is a pivotal stepping stone to positively influence Daniel Island with a fresh perspective. By being the only mom on the board, I will represent the best interest of DI families and utilize my unique background to positively impact all voices today and future interests tomorrow.

2023 DICA Board Candidates

Anatoli Semenoff
Oak Leaf Street

Anatoli Semenoff has lived on Daniel Island with his Family since 2020. Anatoli not only calls Daniel Island his home, but is also a local business owner. He is a Partner of MyDoctors Live, a Healthcare Technology Company with offices on the Island, where he holds the title of Chief Financial and Operating Officer and is as a Co-Founder and Managing Member of Nautilus Funding Solutions, a boutique investment management and investment advisory firm. Anatoli's two-decade long professional experience spans multiple corners of Finance and Operations that range from Legal & Compliance, Risk, Strategy, Real Estate, Corporate Finance, Treasury, Capital Markets and Business Management.

On a personal front, Anatoli is a proud father of three children with his wife, Jelena, a childhood sweetheart. Jelena and Anatoli's children: Alicia (19), Matthew (15) and Ariana (7), have all either graduated from or attend local schools – DIS and AMHS. Anatoli is a former competitive triathlete. In his discretionary time, he enjoys spending time with his family, traveling and serving as a Member of the Board of Directors for the Libraries at the College of Charleston, RCE Foundation and PowerPlay NYC. Anatoli is genuinely excited to extend his involvement in the community, by bringing new ideas to further improve activities and amenities, while maintaining safety on Daniel Island. He will bring best practices to share with members of DICA, from his extensive experience in business and as a member of various Boards.

2023 DICA Board Candidates

Greg Turner
Cochran Street

My name is Greg Turner. My professional background is over 20 years in international sales, marketing, and finance. On the island, I spent 13 years as the office manager at Island Eye Care. I am a past president of DIBA and 8 years as President of the 254 Seven Farms condo board.

For DICA my board experience has been 6 of the last 8 years with 2023 as President.

We have managed to maintain 0% dues increase while using the excess reserve to add amenities such as the new pickleball and bocce courts. We are just finishing our Strategic plan for DICA with a mission, value, and vision statement. The next 2 years will be the first as a 100% resident-controlled board. I believe that with my history and accomplishments for the DICA board in the past, I can offer important guidance in that transition. I have been honored to represent my neighbors in the past and I would ask for that trust for another 2-year term. Thank you.
