

PARTNERSHIP ANNOUNCEMENT

The Greenery of Charleston Partners with Ruppert Landscape

Thank you for being a loyal customer of The Greenery of Charleston. We want you to know the tremendous value we place on our relationship with Daniel Island. The partnership between Daniel Island and The Greenery, spanning over twenty years, has been crucial to achieving our mutual goals and we look forward to continued success together. That said, we are excited to share the news that we have decided to partner with Ruppert Landscape.

Ruppert is a respected industry leader with an outstanding reputation. Similar to our business in many ways, Ruppert is deeply committed to serving their customers, community and growing their business while providing opportunities for team members. Our team will gain wider access to additional training, resources, expertise, and innovation that will enable us to deliver even greater value in order to meet your evolving needs.

We understand the uncertainty brought about by change, and we want to assure you that this transition will be seamless. You will not see any disruption in service or loss of knowledge regarding your site or project. Our management team will continue to lead the business here in South Carolina, and we expect that our entire team will remain in place.

As we begin the process of integrating with Ruppert, you can expect to see some changes to our branding in early 2024. While these adjustments are part of our efforts to align with our new identity and better serve you, rest assured you can expect the same level of professionalism, dedication and attention to detail from our team during and after this process. We will update you in advance of any future adjustments to billings or payments.

We genuinely appreciate your loyalty and support throughout this transition period. Thank you for being an essential part of our journey and we look forward to continuing to serve you as part of the Ruppert team.

Sincerely,

Andrew Dupps, *Regional Vice President*

Dennis Hensley, *Regional Manager – Landscape Construction Division*

Tom Murray, *Regional Manager – Landscape Management Division*
